1200 Catalina Ln
Alamogordo, NM 88310

The property located at 1200 Catalina Ln., Greenwood resub of part alamo block 217, Lot: 10, Block: 217B, Alamogordo, Otero County, New Mexico, has been located on the City's Flood Insurance Rate Map (FIRM). The main building on this property is located in a Special Flood Hazard Area.

Alamogordo's community number: 350045
The property is located on panel number: 0937 Suffix: D
The date of the FIRM index: December 17, 2010
The property is located in FIRM zone: AH
The base flood elevation at the property is 4386.5, NAVD '88

Enclosed is an elevation certificate for the referenced property. A licensed surveyor, architect or engineer will need to certify the actual elevation of the building and a copy of the certificate returned to this office for our records. Please be advised that City Code requires written certification that the elevation of the lowest floor of the structure is at or above the elevation specified in Section B (block B9) of the Elevation Certificate. For non-residential structures only, flood-proofing is allowable below the required BFE or height, following FEMA requirements for flood-proofing (Technical Bulletin 2). A flood-proofing certificate, certified by a registered professional engineer or architect, will be required along with the Elevation Certificate.

Federal law requires that a flood insurance policy be obtained as a condition of a federally-backed mortgage or loan that is secured by the building. It is up to the lender to determine whether flood insurance is required for a property. Flood insurance is available in Alamogordo. More information on flood insurance is attached.

NOTE: This information is based on the current Flood Insurance Rate Map for the city. This letter does not imply that the referenced property will or will not be free from flooding or damage. A property not in a Special Flood Hazard Area may be damaged by a flood greater than that predicted on the FIRM or from a local drainage problem not shown on the map. This letter is for informational purposes only. This letter does not create liability on the part of the city, or any officer or employee thereof, for any damage that results from reliance on this information.

If you need any further assistance please feel free to contact me at (575) 439-4235 (ext. 1) or via email at nbeshaler@ci.alamogordo.nm.us. Flood information and city ordinances are available on the city's website <https://ci.alamogordo.nm.us>

Sincerely,

Nancy Beshaler, CFM

FLOOD INSURANCE

NFIP: Alamogordo participates in the National Flood Insurance Program (NFIP). The NFIP makes federally backed flood insurance available for all buildings, whether they are in a floodplain or not. Flood insurance covers direct losses caused by surface flooding, including an arroyo flowing over its banks, and local drainage problems.

The NFIP insures buildings, including mobile homes, with two types of coverage: structural and contents. Structural coverage is for the walls, floors, insulation, furnace, and other items permanently attached to the structure. Contents coverage may be purchased separately provided the contents are in an insurable building.

Mandatory Purchase Requirement: The mandatory purchase requirement applies to all forms of federal or federally related financial assistance for buildings located in a Special Flood Hazard Area (SFHA). This requirement affects loans and grants for the purchase, construction, repair, or improvement of any publicly or privately owned buildings in the SFHA, including machinery, equipment, fixtures, and furnishings contained in such buildings.

Financial assistance programs affected include loans and grants from agencies such as the Department of Veterans Affairs, Farmers Home Administration, Federal Housing Administration, Small Business Administration, and Federal Emergency Management Agency. The requirement also applies to secured mortgage loans from financial institutions, such as commercial lenders, savings and loan associations, savings banks, and credit unions that are regulated, supervised or insured by Federal agencies such as the Federal Deposit Insurance Corporation and the Office of Thrift Supervision. It also applies to all mortgage loans purchased by Fannie Mae or Freddie Mac in the secondary mortgage market.

How it Works: Before a person can receive a loan or other financial assistance from one of the affected agencies or lenders, there must be a check (Map Determination) to see if the building is in a Special Flood Hazard Area (SFHA). The SFHA is the base (100-year) floodplain mapped on a Flood Insurance Rate Map (FIRM). It is shown as one or more zones that begin with the letter 'A' or 'V'.

Copies of the FIRMs are available for review at the public library, the Engineering Department at City Hall, the city's website <https://ci.alamogordo.nm.us/317/Flood-Information>, and FEMA's website <https://msc.fema.gov/portal>. Many lenders and insurance agents also have copies. It is the agency's or the lender's responsibility to check the FIRM to determine if the building is in an SFHA.

If the building is in a SFHA, the agency or lender is required by law to require the recipient to purchase a flood insurance policy on the building. The requirement is for structural coverage equal to the amount of the loan (or other financial assistance) or the maximum amount available, whichever is less. The maximum amount available for a single-family house is \$250,000.

The mandatory purchase requirement does not affect loans or financial assistance for items that are not covered by a flood insurance policy, such as vehicles, business expenses, landscaping, and vacant lots. It does not affect loans for buildings that are not in the SFHA, even though a portion of the lot may be flood prone. While not mandated by law, a lender may require a flood insurance policy as a condition of a loan for a property in any zone on a Flood Insurance Rate Map.
